General Information

LOCATION AND TRANSPORTATION

Lee College is located in Cleveland, Tennessee, the county seat of Bradley County, with approximately twenty-five thousand inhabitants, and has a distinctly southern tenor. It is located thirty miles northeast of Chattanooga on the Lee Highway, which is Highway 11. On this highway, which traverses Ocoee Street, and in one of the most beautiful residential sections of the city, lies the college campus.

The Greyhound, Tennessee Coach, Trailway Bus Lines and the Southern Railway have stations in Cleveland. As these maintain passenger as well as baggage service, trunks and baggage should be checked through to Cleveland.

AIM AND PURPOSE

It is the aim of Lee College to combine the forces of education and religion in promoting the Church and the kingdom of God in the earth. The institution's purpose is to develop the highest in Christian character and to cultivate a love for the richer, finer things of life. It seeks to develop in its students a knowledge of and love for the Bible, literature, and the arts and sciences, that this knowledge may be used for the progress of man and the promotion of God's kingdom.

Lee College believes in putting first things first. It was originally founded as a Bible school for the express purpose of promoting spiritual ideals and for the training of ministers and Christian workers. It believes that the world is ill from the effects of sin and that a means of recovery is to be found only through the preaching of the gospel of the Lord Jesus Christ and through a personal Christian work. This task is to be accomplished through God-called, consecrated men and women. It believes that these ministers and Christian workers should be thoroughly trained and educated for this great work of dealing with the souls of men, and to this aim the institution is dedicated.

It is the aim of Lee College to help young men and women to prepare for their chosen vocations in life. It aims to prepare its students for social and personal adequacy and a sense of economic self-sufficiency and to give them intellectual and spiritual insight into the problems of human relations. It believes that men and women who are trained for their vocations or professions make greater contributions to both Christianity and society. To this aim Lee College is dedicated.

HISTORICAL SKETCH

The Church of God, convinced that the great need in this period of spiritual crisis is adequately trained men and women who are filled with the Spirit, motivated by divine love, ready for sacrificial service, imbued by faith and vision, and in recognition of an increasing need for a strong program of Christian education, established Lee College on January 1, 1918. Lee College is co-educational and is composed of five distinct divisions: Religious Education, Academy, Junior College, Bible College, and School of Music.

Beginning in the council chamber of the Church of God Publishing House, Cleveland, Tennessee, Lee College opened with six students. Mrs. Nora B. Chambers was the teacher. The vast difference in this small beginning and the institution described in this catalog can only be understood by those who have heard the story of the faithful efforts of its founders and early leaders. Among the pioneers were Rev. J. B. Ellis and Rev. F. J. Lee.

The early beginnings with a few students, no buildings, no finances scarcely indicated the phenomenal progress that became characteristic in the development of Lee College. By the beginning of the fifth term, one room was no longer sufficient to house the school. A vacant church building on Twenty-fourth and Peoples Streets was converted into classrooms and dormitory. Rev. T. S. Payne was selected superintendent in 1924. During his six years of leadership, the school again outgrew its facilities and was moved to the Church of God Auditorium. In 1930, Rev. J. H. Walker was elect-

ed superintendent. His administration marked the beginning of the academy and the school of business. When Rev. J. H. Walker became general overseer of the Church of God in 1935, Rev. Zeno C. Tharp succeeded him as superintendent.

Under Rev. Tharp's leadership, the progress of the school was most phenomenal. Murphy Collegiate Institute in Sevierville, Tennessee, was purchased in 1938 to accommodate the growing school. The Junior College division was added in 1941, and by the end of the term, a new classroom building was an absolute necessity. By the time the building was ready for use, it was evident that the problem of housing students was becoming serious. When over four hundred fifty students applied for admission at the beginning of the 1943 term, the situation became acute. To meet the immediate need, a large residence on Prince Street was purchased, the third floor of Central Hotel was rented, and plans were drafted for a new dormitory for women.

In 1944, Rev. J. H. Walker again assumed the responsibilities of president. Upon the resignation of Rev. Walker, Rev. E. L. Simmons was appointed president. Under his supervision, the modern three-story girls' dormitory was completed, and a trailer camp was added.

In 1946, the Bob Jones College plant in Cleveland, Tennessee, was purchased for the sum of \$1,500,000. The 1947-48 term of Lee College opened at its new location on September 1.

Rev. J. S. Brinsfield assumed the duties of the president September 1, 1948. The most outstanding feature of the 1949-50 school year was the February revival, one of the greatest in the history of the school.

Rev. E. M. Tapley assumed the responsibility of acting president of the school on January 24, 1951, and served in this capacity until April 16, 1951, when Rev. J. C. Jernigan was appointed president.

Rev. R. Leonard Carroll began his tenure of office as president with the 1952-53 term. Many improvements in organization, operation, and planning were initiated to enlarge Lee's scope of service. A four-year Bible College was organized in the 1953-54 term.

The Correspondence Department was reorganized. A four-year Liberal Arts college was begun in the 1956-57 term.

Rev. Rufus L. Platt was appointed president in 1957. At the beginning of the 1957-58 term the four-year School of Music was instituted.

At the beginning of the 1959-60 term of school the high school program was reduced to a three year curricula, including grades 10 through 12.

The junior and senior years were also dropped from the Liberal Arts college program at that time.

Lee College moves forward, confident that under Christ great things can be done!

GROUNDS AND BUILDINGS

The campus is located in one of the most beautiful residential sections of Cleveland. Most of the buildings face Ocoee or Church Streets and lie between Eleventh and Fifteenth Streets.

Lee Memorial Library, completed in 1941, is the most modern building on the campus. The second floor houses the library and reading room; the first floor contains the business and executive offices, and the daylight basement contains the visual-aids room, offices, and photographic studio.

The **Alumni Building** is a modern, four-story brick building completed in 1945. It contains classrooms and faculty offices. The remaining classrooms are in the Music Building and on the ground floors of Nora Chambers Hall, Simmons Hall, and Tharp Hall.

The **Music Building** is a two-story building containing classrooms and music-practice studios.

The **Auditorium** seats approximately 850 and contains a Hammond concert organ, a grand piano, and broadcasting studios.

Old Main is the oldest building on the campus. It is a four-story brick housing unit for students. It also contains a small auditorium, a beautifully furnished parlor, and the Snack Shop.

Simmons Hall is a three-story brick dormitory for girls.

Tharp Hall contains apartments for faculty members and a beautiful lobby. The ground floor contains the laboratories and lecture rooms of the science department.

Nora Chambers Hall, named in honor of the first teacher of Lee College, Mrs. Nora B. Chambers, is a three-story brick dormitory for girls. It also houses the Home Economics department, has a beautiful parlor, and a recreational hall on the ground floor.

Providence Hall contains light housekeeping rooms for married students.

College Arms Apartments is an apartment house of eight units, located on Centenary Avenue.

Ellis Hall is a two-story dormitory for married students.

Walker Hall is a four-story building and can house approximately three hundred men.

The Dining Hall seats approximately five hundred, and the cafeteria style of serving is used.

The Gymnasium is located directly behind the auditorium and has dressing rooms and showers for both boys and girls. The athletic field is located near by and includes a softball diamond, tennis and volleyball court.

The Snack Shop is located on the first floor of the east wing of Old Main and has become a very popular meeting place for students.

Melody Hall contains the studios of the piano and voice teachers.

The Post Office is located on the ground floor of Simmons Hall.

Student Life

CHAPEL

Chapel service is held four mornings a week and has become an integral part of the school program. Here the entire school meets to seek divine guidance for the day, and the faculty and students learn to know each other better; together they are inspired to strive for more efficient service. Students are required to be present at chapel services. All chapel services are under the direction of the college chaplain.

MUSICAL ACTIVITIES

In many schools, music is considered an accomplishment reserved for only the talented few; but, from the beginning, music has been a vital part of student life at Lee College.

The school sponsors several musical organizations, but every organization, regardless of its purpose, promotes music, both in regular meetings and special programs. The student services are made interesting by the effective music of the school choir, the band, and special ensembles.

STUDENT ORGANIZATIONS

The school sponsors student organizations varied enough in their activities to include the interests of all. Students receive in these extracurricular activities a type of training which cannot be obtained in the classroom alone.

The **Alumni Association** is an institution that lives in the lives of its members and prospers as they prosper.

The constitution provides for two classes of members: regular members and honorary members. Regular members consist of all students who have completed one full semester, one term of the summer session, or the equivalent of either. Honorary members are admitted to the association by a majority vote of

the assembly after being recommended by the Alumni Board of Directors. All members are solicited annually to contribute to the association.

The annual home-coming is held each spring during commencement week. The alumni assemble and hold a business session; an entertaining program is presented by the alumni and a banquet is given.

Alumni news is published quarterly in the **Lee Alumnus**, official organ of the association.

State Chapters have been organized in many of the states.

The **Senior Class** and other class and club organizations promote fellowship and good will among the members and sponsor projects for the improvement of school buildings, campus, and library.

The **Student Council** consists of regularly chosen representatives from all classes, and seeks to express the sentiment of the students. Through the Student Council, students have a voice in improving the school and receive training in self-government.

STUDENT PUBLICATIONS

The **Clarion** is the school paper. It is edited and published monthly by a student staff assisted by a faculty advisor.

The **Vindagua** is the college annual and is published yearly by the students. It is a work of art and makes an excellent souvenir.

SOCIAL LIFE

Since the school is co-educational, provisions have been made for social contacts of such a nature as to maintain an atmosphere of culture and refinement which will fit young men and women for broad social living.

The school has always tried to promote a clean everyday life. It has been the earnest endeavor of its directors to keep student life free from the vices which threaten to destroy the Christian faith and virtue of our boys and girls. Parents who send their sons and

daughters to this school may expect their associates to be young men and women of good moral character. Anyone void of this essential trait need not apply for admission. A student whose ideals and manners are out of harmony with those of right living becomes a menace to the influence and reputation of a school of this kind. For this reason the school refuses to retain those who disregard its social regulations.

Only properly supervised social activity is given a place at Lee College. All social functions are chaperoned and are subject to the rules and regulations of the college.

Students will not be expected to invite visitors or entertain in the dormitory without first getting permission.

WEEK-END TRIPS

The management of the institution will look with disfavor on frequent week-end trips made by students. Students cannot expect to make good grades if they make week-end trips away from the school. If parents permit students to go home too frequently, the parents must bear the responsibility.

Except in cases of emergency, students will file applications with the dormitory supervisors. Applications are to be approved by the president, and should be filed three days in advance. In cases of students under twenty-one, forms must be secured from the office of the dormitory supervisor and mailed home for the signature of the parent or guardian.

RECREATION

The school does not participate in intercollegiate athletic contests, but it does afford its students opportunities for play and recreation in its program of intramural sports. Every student is encouraged to spend part of his leisure time in recreational activities which will develop regular habits of play, physical strength, vigor, and sportsmanship.

LIVING REGULATIONS

It is the desire of the management to make dormitory life as pleasant and homelike as possible, but the student must realize that all the liberties enjoyed at home cannot be granted in a college. If the student is to be happy, he must adjust himself to the new environment and show a friendly and cooperative spirit at all times.

All students are expected to be thoughtful, courteous, and truthful in their dealings with one another, and to show due respect for one another. The supervisors are anxious to do everything possible for the students, but in spite of their efforts, dormitory life is just what the students make it.

The dormitory supervisors are in charge of all dormitory activities.

Rooms are assigned by the supervisors, who will grant requests where possible.

No student will be allowed to room off the campus without special advance permission from the president.

Students living in the dormitories are expected to care for their rooms and to keep them clean and in order, so that the school can maintain a refined atmosphere with good living conditions for all. Students are expected to be economical in the use of water, lights, and dormitory supplies. Electric hot plates and heaters will not be allowed in individual rooms.

DORMITORY SUGGESTIONS

All dormitory rooms have hot and cold running water and contain closet space or wardrobes, tables or desks, chairs, and dressers or chiffoniers. Suggestions are given below for women and men students.

For Women: Rooms are provided with single beds. In addition to your clothing and usual personal supplies, you should bring at least:

1 pillow	Housecoat
8 to 10 towels	4 sheets
2 pillowcases	(63 x 99 inches)
Bedroom slippers	Raincoat or umbrella
2 blankets	

Due to the variety of window sizes in the women's dormitories, you may wish to buy curtains after you arrive. Most rooms have only one window. Bring whatever you wish in the way of small rugs, dresser scarfs, bedspreads, etc.

For Men: Rooms are furnished with single beds. In addition to your wearing apparel, you will need the following:

1 pillow	Bedroom slippers
8 to 10 towels	Window curtains
2 blankets	Bathrobe
4 sheets	2 pillowcases
(63 x 99 inches)	Raincoat or umbrella

It will probably be better to buy curtains after you arrive. Bring whatever you wish in the way of small rugs, bedspreads, etc.

ROOM RESERVATION

Dormitory students who arrive before registration day may present the card acknowledging the acceptance of their application and register for room and board. These students are expected to register for a room immediately upon arrival at the school.

SCHOOL APARTMENTS

Because of the large number of married students attending Lee College, special efforts have been made to provide a maximum number of one- and two-room apartments at a minimum cost to the students. Students occupying these apartments are expected to exercise the utmost care in eliminating excessive damage to school property. There will be an inspection of all dormitory rooms at the beginning and end of each semester. The business manager will have a list of all furnishings in the room with a notation about the condition of same, and a duplicate will be given the student when he occupies the room. The dormitory supervisor will make a monthly inspection, and any

damage found will be charged to the person responsible.

Two-room apartments will be furnished with one double bed, single beds for children, one chest of drawers, one desk, one table, and not more than four chairs (depending upon number of occupants). Single rooms for married couples will be supplied with the above furnishings with the exception of a table.

No kitchen equipment is furnished by the school.

A one-room apartment is \$15; a two-room apartment is \$30, a four-week month.

Students may pay rent for the entire semester on the day of registration. Students must keep rent paid at least four weeks in advance.

Students who desire apartments should apply in advance in order to insure getting a place to live.

Students occupying apartments during the holidays will be charged **ADDITIONAL** rent.

VISITORS

Visitors are welcome at Lee College. Students who wish to have overnight guests must obtain permission from dormitory supervisors. No visitor shall spend more than **TWO DAYS** on the campus without special permission. Room rent for visitors will be \$1.25 a night.

STUDENT THRIFT-TRAINING

We urge our students to practice strict economy. Students who are careless about meeting their obligations, and foolishly spend their money with no regard for its value, cannot hope for a prosperous future.

Students are not expected to make debts while in school, either by purchasing things or borrowing money.

The school cannot afford to make loans. Students are not expected to ask for such favors of the office.

Money sent to students should be in the form of post office money orders.

Students have little or no use for cars during the

school term. Cars on the campus are detrimental to the school, as well as expensive for the student. All cars must be registered in the registrar's office.

DISCIPLINE

Whenever a body of people is associated for the accomplishment of a definite purpose, regulations and discipline are necessary. The act of registration is a written agreement to comply cheerfully with all rules and regulations of the school.

At the discretion of the president, students who either violate or disregard any rule of the school will be penalized. A student may be placed on probation under whatever conditions are recommended by the discipline committee.

Demerits will be given for all major offenses and may, at the discretion of the dean of women or dean of men, be given for minor offenses. Some of the major offenses are: stealing, cheating, lying, drinking, smoking, attending movies, petting, and disrespect to school authorities. The number of demerits given for each offense is determined by the deans or the discipline committee.

One hundred one demerits automatically result in expulsion.

The president reserves the right to suspend any student for any reason deemed necessary.

Before a student who has been dismissed for unsatisfactory conduct will be considered for re-entrance, a period of the balance of the current semester and one full semester must elapse. Summer school is considered one full semester. If, after this period of probation, the administration of the school deems the student's record and attitude worthy, he may be re-enrolled.

Students are under the rules and regulations of the school from the time they arrive on the campus. Whether they have registered or not, they are subject to dormitory and school regulations. Students are subject to school regulations between semesters. Students not spending school holidays at home are likewise subject to school regulations.

Academic Regulations

INFORMATION FOR VETERANS

Lee College is approved for training veterans under Public Laws 550 and 894 and for training war orphans under Public Law 634. Eligible persons should contact the veterans administration regional office of the state in which they maintain a permanent residence. If in doubt about the procedure to follow, write: Registrar, Lee College, Cleveland, Tennessee.

GENERAL EDUCATIONAL DEVELOPMENT TESTS

Veterans, or non-veterans, who have not completed high school will be benefited by taking the G. E. D. Tests. These tests cover English, natural science, social sciences, literature, and mathematics. The tests are given in many of the major cities throughout the nation. Your average score determines the grade you are eligible to enter in high school. If your average score is forty-five or above, you may enter a college division; however, the tests must be taken before registration.

For details concerning the use of G.E.D. Tests for placement in high school and for entrance to college contact: Registrar, Lee College, Cleveland, Tennessee.

ADMISSION TO LEE COLLEGE

How to Apply

Application blanks are mailed on request to all prospective students. A preliminary application is included at the end of this catalog.

A personal letter, a fifteen dollar advance deposit (not refundable), and a medical examination form filled in by a practicing physician should accompany the application blank. After notice of acceptance has been received, one should write the school as to how and when he expects to arrive.

All applications should be on file in the registrar's office two weeks prior to the opening of school. Applications filed after this date cannot be processed in time for regular registration.

An official transcript from the last school attended must be filed in the office of the registrar before application for admission to a college division, or the academy can be accepted. These transcripts should be sent directly from the office of the last school attended.

The school offers no courses below the tenth grade high school level. The institution regrets that it cannot accept children who have not completed grammar school. This does not apply to persons over eighteen years old who wish to register in the Religious Education Division.

According to the state Department of Education, all students are required to take a physical examination, a record of which should be sent with the application.

Lee College reserves the right to refuse any application for admission.

ORIENTATION

Students will follow the schedule furnished by the registrar's office throughout registration. Each student will be assigned to a faculty advisor, who will aid him in the selection of his courses.

Absences will be counted, beginning with the first day of each semester.

The school reserves the right to withdraw any course offered in the catalog if enrollment is less than eight.

GUIDANCE PROGRAM

Upon being admitted to Lee College, each student is assigned to a member of the faculty, who acts as his faculty advisor. The advisor is to assist the student in selecting his subjects so as to secure a well-rounded course of study and also to help him understand the requirements for graduation. The responsibility for the selection of courses rests upon the student. It is very

important that the student meet the requirements of his course in their proper order so that in his senior year he will be eligible for graduation. At the beginning of each semester the student should consult his advisor on his choice of subjects. During the semester he is urged to consult his advisor often.

Lee College also administers reading tests, English placement tests, and psychological aptitude tests. Interest tests are also offered. These tests act as a basis for counseling students who need help in properly evaluating their abilities and interests.

DROPPING COURSES

No student may drop or add a course of study after registration day without the permission of the head of his division.

If courses are dropped after the date set for "change of schedules," a charge of one dollar for each change will be made. Students who drop a course without special permission after the date listed in the calendar will automatically receive a failing grade for the course.

WITHDRAWAL

A student who desires to withdraw from the school should obtain from the president's office the form for withdrawal. Students failing to do so will receive no credit for work done and cannot be given an honorable dismissal.

In the case of a student whose parents or guardians are responsible for his account, the school must be notified directly by the parent or guardian before the student will be allowed to leave the school.

ABSENCES

The school considers prompt attendance of all classes to be of primary importance. Deliberate cuts will have serious effects on a student's academic standing and on his chances of graduation, and may incur such addi-

tional penalties as are provided by the institution's regulations.

Students are not permitted to take vacations or leaves at times other than during regular school-approved holiday seasons.

The policy for tardiness, absences, and make-up work for high school students, is as follows:

Attendance is expected at every class. Students are expected to meet classes promptly.

Students who are not in their assigned seats when the second bell rings will be counted tardy. In order to be admitted to class without further delay, the student should secure a permit from the office of the principal before reporting to class when tardy. Three unexcused cases of tardiness will count as one unexcused absence.

Students who have been absent from a class should not report to class again until an absence slip has been secured from the office of the principal. Absence slips will be issued and penalties imposed as follows:

Absences are excused in case of illness, or absolute necessity of some other nature. Dormitory students must bring certification from the dormitory supervisor when illness is given for reason of absence.

In case the student offers no reasonable excuse, or has taken advantage of circumstances which he might have changed, an unexcused admission slip is given. A penalty of three points will be given for all unexcused absences.

Students are responsible for seeing their instructors concerning their make-up assignments. These assignments should be completed within a week following the absence, if any credit is desired. Should a student fail to attend to the matter within the specified time, he shall forfeit his credit.

No leaves of absence will be granted before or after any regular holiday. ABSENCES FROM CLASS TWO DAYS BEFORE OR AFTER A HOLIDAY WILL COUNT DOUBLE AND CARRY DOUBLE PENALTIES.

The policy for tardiness, absences, and make-up work

for religious education and college students is as follows:

A student may take without quality point deduction as many unexcused cuts for each course as there are class meetings per week. For each unexcused absence in excess of the number stated above, a student will have one quality point removed from his record.

Three tardies equal one absence, unless a tardy is longer than twenty minutes, in which case it is considered an absence.

When a student is absent from any class or classes, he should go to the office of the registrar and ask for a form on which he may state the reason for his absence. The form is then filed with the student's record. The same action must be taken in case of tardiness, since three unexcused cases of tardiness will count as one unexcused absence.

No student is assured that he will have absences excused which exceed the number permitted in each course, which is an average of one a semester for each semester hour. The absence committee will consider only the excuses which the student has filed when his case is considered. Since the college absence policy provides for "class cuts" at the discretion of the student, the administration insists that the student be especially careful to use his "cuts" only for important matters. Such reasons as business trips, convention attendance, personal reasons, transportation failure, etc., do not assure the student of an excused absence; the student should use his allowable "cuts" for such absences. Such reasons as illness, death in the immediate family, etc., will be accepted for excused absences. In all cases where no excuse is filed in the office of the registrar, the absence will be considered as unexcused.

Dormitory students must file certification of dormitory supervisor when illness is given as reason for absence.

Absences occurring two days before and two days after holidays count double.

An average of one quality point a semester hour of

work is required for graduation. A student whose general average is below "C," or a student whose excessive absences have cost him sufficient quality points that he has less than one quality point a semester hour, will not be permitted to graduate until he has taken such extra work as may be necessary to make up for quality-point deficiencies. Carelessness in class attendance may cost a student an extra year in school in which a good attendance record will be required before graduation is permitted, or it may wholly disqualify him for graduation and make his transcript of credits unacceptable elsewhere.

The above provision applies to the regular term of school which begins in September and ends about the first of June. **No provision is made for absences from summer classes.** The work is highly accelerated during the summer term, and it is felt that attendance at every class is necessary if the student is to make satisfactory progress.

When a **college or religious education** student misses work, other than examinations, he may be permitted to make it up by completing special assignments given to him by the individual instructor. If he misses a regularly scheduled examination (semester or intra-semester), he is not permitted to make it up unless he has been sick; has had sickness or death in his immediate family or has some other reason acceptable by the absence committee. Before approaching his instructor to make up an examination, he must have written permission from the registrar and must have paid to the accounting office a fee of \$1.00 for intra-semester examinations or \$2.00 for semester examinations.

Absences for any cause for any college or religious education student, totaling twenty-five per cent of the time of the course in which the absences are incurred, debar the student from receiving any grade higher than "D," unless an appeal is approved by the absence committee or if they total 50 per cent they will debar him from receiving any grade other than "F" unless an appeal is approved by the absence committee.

If, because of this penalty, he fails to receive a passing grade in at least 50 per cent of his work in any semester, he is placed in the same academic category as any student who fails to pass 50 per cent of his work; consequently, the penalties attached to the student who fails to make satisfactory progress are also attached to the student who fails to maintain a satisfactory attendance record.

If, during the course of a semester, a student's failure to attend classes reaches serious proportions, his case may be treated as a discipline or conduct case, and disposed of in the same way that any other misconduct is. This means that a student may be interrupted during the semester, if deemed advisable by the administration of the institution.

SCHOLARSHIP AID

Lee College has a limited number of programs by which worthy students may receive financial aid for the expenses of their education.

Honor scholarships: Students graduating from Lee Academy or from any other accredited high school with valedictorian or salutatorian scholastic honors will be eligible for a scholarship in any college division in the amount of tuition for one year. This scholarship shall be exclusive of matriculation fee, student activity fee, and other fees where applicable.

Other requirements are:

A recommendation as to character and integrity of the applicant, furnished by the local Church of God pastor; and a statement from the principal of the high school from which the applicant graduated, verifying that the applicant was first- or second-place honor graduate at the time of his graduation and that the applicant is of a desirable character.

This scholarship is available only to graduating seniors of each respective year.

Avis Swiger Memorial Loan Fund: The Lee College

Alumni Association has established a student loan fund, which provides financial aid in the form of loans to worthy students. These loans are payable after the student has left school. Specific terms and conditions of the loan may be obtained from the executive secretary of the Alumni Association.

National Defense Education Act: The United States Office of Education has provided Lee College with funds for a student loan fund to be administered by the college. This fund was established in order to attract outstanding young people into various special fields and professions, such as the sciences, foreign languages, and teaching. The loan is payable after the student has left school. Specific terms and conditions of the loan may be obtained from the office of the registrar.

Music scholarships: A limited number of tuition scholarships are given each year. Interested individuals should write the dean of the School of Music for an application blank and appointment for audition. All School of Music students who receive scholarships, will be expected to participate in musical organizations as needed.

Student work scholarships: Lee College grants a limited number of work scholarships. Preference is shown to second-year students. Credit for work scholarships is applied toward the student's account.

SCHOLASTIC STANDARDS

A student who fails to pass 50 per cent of his work in any semester must apply to the president for special permission to register for a succeeding semester. If he fails to pass 50 per cent of his work in the succeeding semester, he will not be permitted to re-register until a period of one regular semester or two summer semesters has elapsed. He must then submit evidence of having made satisfactory progress at another institution, or if he does not enroll in another institution during the probationary period, he must furnish the administration of Lee College with sufficient evidence

of change in attitude, work habits, or ability, to justify their granting him the privilege of making the third attempt to make satisfactory progress.

A student may not repeat a course more than twice in order to obtain a better grade.

Report cards are issued to students every nine weeks during the regular school term and every five weeks during the summer term. The first report card of the academic year reveals the progress of the student during the first nine weeks. The second report card shows the student's progress for an eighteen-week period, or the first semester. The third report shows the student's progress for the first nine weeks of the second semester, and the fourth report reveals his progress for the entire second semester.

Each of the two reports in the summer shows the student's progress for a period of one summer semester, which is five weeks in length.

Semester grades are kept on file in the registrar's office on a cumulative basis.

GRADING SYSTEM

High School

The system of grading is as follows:

A	95-100
B	87-94
C	80-86
D	75-79
F	74 and below
WP	Withdrew with permission
WF	Withdrew failing or after last date for dropping course

Religious Education and College

The work of all students is graded by letters, which may be interpreted as follows:

A (Excellent)	3 quality points per semester hour
B (Good)	2 quality points per semester hour
C (Average)	1 quality point per semester hour
D (Passing)	0 quality point per semester hour
F (Failure)	1 quality point deducted for each hour attempted in which student received an F or WF
I (Incomplete)	Grade withheld because of prolonged illness, or other valid excuse
WP (Withdrew)	with permission
WF (Withdrew)	Failing or after last date for dropping a course

An incomplete must be removed within six weeks after the end of the semester; otherwise, it becomes a failure.

SUMMER SCHOOL

The school offers a ten-weeks' summer session, divided into two semesters of five weeks each.

A student in the Religious Education or college divisions may earn twelve semester hours credit. A high school student may earn one and one-half units of credit. (If the courses are repeat subjects, he may earn two units.)

For full particulars concerning the summer session, address the Registrar, Lee College, for a copy of the summer bulletin.

Business Regulations

Following is an itemized list of expenses for a semester. So that the prospective student may be able to interpret this list more accurately, we suggest that the individual plan an educational budget of about \$475, per semester. This includes tuition for an average load of fifteen hours, matriculation fee, room and board, estimate of books, and other fees. This amount does not include personal expenses, incidental fees, and fees for music lessons and practice periods.

INDIVIDUAL LESSONS IN MUSIC

Per Semester	\$ 36.00
Class Voice (Semi-private)	27.00

Private lessons are taught on the semester basis and not on an individual basis; i.e., students are charged for the semester instead of for each individual lesson. Therefore, students will not be allowed to make up private lessons missed due to school holidays, or for other reasons that classroom courses do not meet. No student will be allowed to make up a private lesson that he misses for reasons other than emergencies unless make-up fee is paid.

RENTAL FEES

All School Instruments

One hour a day for semester	\$ 6.00
Two hours a day for semester	10.00

The above charges do not include BOOKS and SUPPLIES, which are sold for cash in the college bookstore. Students must be prepared to pay cash for books and supplies on registration day. BOOKS AND SUPPLIES WILL NOT BE CHARGED.

Lee College instruments will not be rented to students not taking music from Lee College teachers.

SETTLEMENT OF ACCOUNTS

Students should be prepared to pay the semester's charges on the day of registration. Money may be remitted to the bookkeeping office in advance, if desired; this will facilitate the registration of the student on registration day. Students who are not able to pay their accounts in full must make application for deferment of a portion of the account, and upon approval may subscribe to the following installment plan:

The plan provides for the payment of one third of the total semester charges at the time of registration. The total semester charges include room and board,

tuition, matriculation fee, student activity fee, private music lesson costs, and all classroom and laboratory fees. The balance may be paid in four equal monthly installments.

ADJUSTMENT OF ACCOUNTS

Refund Policy

No refund will be granted unless application is made within two weeks of any change in program or departure of the student. If a student withdraws during a semester and requests refund for advanced payments, the following rules will determine the amount refunded:

1. Room and board will be refunded in full amount unused to date of withdrawal.

2. Tuition and rental fees will be refunded on the following percentages: First through second week, 90 per cent; third through fourth week, 75 per cent; fifth through the sixth week, 50 per cent; seventh through the ninth week, 25 per cent; **NO REFUND AFTER THE NINTH WEEK.** The percentages are determined on the basis of the regular registration date and not on the basis of the student's enrollment date.

3. **NO REFUND ON MATRICULATION FEE.**

Accounts with the school must be settled in full before a diploma or a transcript of credit is issued or a letter of honorable dismissal granted. **SATISFACTORY FINANCIAL ARRANGEMENTS MUST BE MADE BEFORE FINAL EXAMINATIONS CAN BE TAKEN.**

Refund Policy for Public Law 550 Veterans

The policy of Lee College in regard to the refund of the unused portion of tuition, fees, and other charges in the event the veteran fails to enter the course, or withdraws, or is discontinued therefrom at any time prior to completion is that the veteran will be refunded the approximate pro rata portion of the tuition, fees, and other charges in that the length of the completed course bears to its total length. All of the unused portion of the tuition fees, and other charges will be re-

funded on a pro rata basis with the exception of the registration (matriculation) fee (\$20).

The above policy pertains to all students of Lee College who are under Public Law 550 with the exception of those enrolled in the High School Division.

PART-TIME STUDENTS

Students who register for private lessons only will not be charged a matriculation fee. Students who do not board at the school, and who register for a part-time course in any division, will be charged as follows:

In the High School Division there will be a charge of \$32 a semester for each course of study. In the Religious Education and College Divisions there will be a flat charge of \$10.00 a semester hour. Matriculation fee is \$2.00, if the student takes six hours or less.

No person who registers as a full-time student and is later permitted to drop enough courses to place him in the classification of a special student will be entitled to a refund or prorated tuition, unless the readjustment of his course of study is made on or before the date appearing in the school calendar as the last day in which a student may register.

Matriculation fee will not be refunded in any case.

LEE COLLEGE

Religious Education

PURPOSE

The division of Religious Education attempts to give the student of religion the most wholesome of spiritual and intellectual development, to help him construct a practical moral philosophy, to build his faith upon a deeper understanding of religious truths, and to instill within him a greater appreciation of the highest values of a life of service to God and man. It proposes to take students as they are and help them advance as far as possible.

ADMISSION REQUIREMENTS

Students who have the basic skills of reading and writing are taken as they are and placed in appropriate classes. We expect high school graduates to enroll in the Junior College course in religion or in the Bible College. Students who are not high school graduates or who are eighteen years of age and have the basic skills of reading and writing will be considered for admission.

SPECIAL NOTICE TO HIGH SCHOOL GRADUATES

The high school graduate who desires to prepare himself for the ministry should study the Junior College course in religion or the Bible College course. The Junior College course is designed for the high school graduate who has only a limited time to prepare himself for the ministry. It covers essentially the same areas as the ministerial course described below; however, since high school graduates have already completed elementary educational requirements, they are not required to repeat such requirements as spelling and grammar, but they are allowed to pursue work of a more advanced level. Consequently, they

cover more in a shorter period of time. THE JUNIOR COLLEGE COURSE, THE BIBLE COLLEGE COURSE, AND THE RELIGIOUS EDUCATION MINISTERIAL COURSE ARE FOR PROSPECTIVE MINISTERS. The Bible College course is designed to give the prospective minister, missionary, or church worker a thorough foundation in the arts and sciences with intensive religious preparation. We recommend both of these courses for the high school graduate. In the Religious Education Division, an attempt is made to take the individual at his educational level and give him the course from which he is likely to profit most. If you do not understand which course you should enter, contact the president or the head of division for further information.

HIGH SCHOOL CURRICULA

For those students who need and desire work in the high school, Lee College maintains an accredited high school division open to students of religion and to other special students. All ministerial students should have, or acquire, a high school education.

DEPARTMENTAL DIVISION

With specialization as an aim, the Religious Education Division is organized into two courses: namely, Missions Course and Ministerial Course. Each course, with its aims and regulations, is described below.

Load Limits

The minimum load of semester hours for any student in the Religious Education course is 12 hours. The maximum load is 20 hours. Veterans, see "Information for Veterans."

General Requirements for Graduation

No student will be permitted to graduate from the Religious Education Division who has not demon-

strated the ability to write and speak good English. Any student found deficient in the fundamentals of good reading, writing, spelling, and language usages will be assigned such subjects as the academic administration of his division deems necessary and will not be permitted to graduate until he has corrected his deficiencies.

An average of 17 semester hours a semester, or a total of 103 hours and 103 quality points during the three-year course, is required for graduation.

The administration of the school will make every reasonable effort to assure the student of graduation according to his schedule; however, it is the student's responsibility to follow the required course of study. Failure to meet any graduation requirement will rest upon the student and not upon the administration or faculty advisors.

A comprehensive examination on the Bible and related fields is required of all graduates. This examination must be completed at least six weeks before the date of graduation.

Completion of the academic requirements alone will not be accepted as satisfaction of the graduation requirements of the Religious Education Division. The student must be approved for graduation by consent of the faculty. This approval is based on the student's moral and spiritual caliber as evidenced by his conduct, attitudes, and religious service.

Diploma

For 103 semester hours of required and elective work satisfactorily completed and 103 quality points, the student is given a diploma showing completion of the course.

Lee Academy

Announcements For:
1960-1961

LEE COLLEGE
Cleveland, Tennessee

Academy

PURPOSE

The purpose of the Academy is twofold. First, it is to offer three years of high school training in a Christian environment. Boys and girls of this age need sympathetic teachers who understand them and who know how to guide them in making right decisions. Close association with students in the college and Division of Religious Education serves as an inspiring influence. Second, it is to give opportunity to mature students who have not had the advantage of a high school education. These students appreciate the opportunity of completing their high school education where there are others of their own age and teachers who understand their problems.

ACCREDITATION

The work done in the Academy is accredited by the Tennessee Department of Education, and by the Southern Association of Colleges and Secondary Schools. All credits are transferable.

ADMISSION

Students desiring admission should make application in advance. An official transcript from the last school attended, together with a certificate of honorable dismissal, must be filed in the office of the registrar before application for admission can be accepted. This transcript must be sent directly from the office of the last school attended.

Satisfactory completion of three units is required for admission to the lowest class of the Academy. For entrance to higher classes, classification is as follows, a transcript showing:

1. A minimum of these units entitles a pupil to second-year classification.
2. A minimum of seven units entitles a pupil to third-year classification.
3. A minimum of eleven units entitles a pupil to fourth-year classification.

AMOUNT OF WORK

Not more than the highest ranking twenty-five per cent of the student body shall carry for credit more than four units in any year. This privilege, when granted, shall be based on the record made by the pupil during his preceding year in the high school. No pupil shall carry for credit more than five units in any year. No resident student will be allowed to take less than four units and physical education, except with special permission from the administration. As a rule, sickness and work will be the only valid excuses.

DESCRIPTION AND DEFINITION OF UNITS

A unit is equivalent to not less than five fifty-five-minute recitations a week in each branch of study for a year of thirty-six weeks.

REQUIREMENTS FOR A DIPLOMA

The following pattern of courses shall be required for graduation:

English	4 units
Mathematics	1 unit
American History	1 unit
Health Education	1 unit
One Major	3 units
Two Minors	4 units
Bible	1 unit
Free Electives	1 unit
TOTAL	16 units

A major represents a minimum of three units in one particular subject matter field.

A minor represents a minimum of two units in one particular subject matter field.

The required unit in mathematics shall be the unit in arithmetic or in the first course in algebra.

One unit in algebra shall always be regarded as a prerequisite to plane geometry.

To graduate, a pupil must show a clear record, not

only in scholarship, but also in attitude and conduct.

Seniors who fail to have the necessary units for graduation may participate in the graduating exercises if requirements for graduation can be met in Summer School.

Junior College Division

Announcements For:
1960-1961

LEE COLLEGE
Cleveland, Tennessee

Junior College

Purpose

The basic functional philosophy of the Junior College is to provide a general education designed to develop within its pupils such appreciations, understandings, abilities, and attitudes as are needed for responsible Christian living in the home and in the community.

Broadly understood, "responsible Christian living" includes not only social and personal adequacy but also a sense of economic self-sufficiency, as well as intellectual and spiritual insight into the problems of human relations. It is hoped that with such insights the pupils may be enabled to make enlightened choices and thus better serve God and man.

For this reason the curricular offerings are designed to develop within each pupil:

1. An understanding of his own mental and social life as well as that of his associates so that he may gain insight into the motives and behavior of others.

2. An understanding of the nature and problems of organized society, past and present, and his relation to it.

3. An understanding of the world in which he lives, both organic and inorganic, in theory and practice.

4. An appreciation of enduring spiritual values whereby he will become increasingly aware of Christianity as a vital part of life.

5. Vocational efficiency.

ADMISSION REQUIREMENTS

Application

Students desiring to make application for the Junior College should complete the preliminary application blank at the end of this catalog and mail it to the registrar.

Admission by Certificate

A graduate of an accredited high school must have an official transcript sent directly from the office of the high school to the registrar before an application will be accepted. Students will be granted admission to the college upon the receipt of a record of fifteen units of work satisfactorily completed and evidence of high school graduation.

High school subjects which may be offered for entrance:

Class A

	Maximum Units		Maximum Units
English	4	Plane Geometry	1
Foreign Language		Solid Geometry	$\frac{1}{2}$
French	3	Sociology	1
German	3	Physiography	1

Unit: Represents thirty-six weeks' study in a subject in high school, classes meeting five times a week.

For entrance, at least three of these units must be in English; one unit should be in mathematics, and enough in electives from Group A to make 10 units. The other five units may be chosen in any of the subjects in either Class A or Class B.

Admission by Examination

Non-veterans who are not high school graduates but have been issued an equivalency diploma by a State Department of Education, will be considered for admission. (Further information concerning this equivalency diploma can be obtained from the State Department of Education in the respective states.)

Admission of Students with Advanced Standing

Students from accredited colleges or universities will be admitted without examination provided they have been granted honorable dismissal. They must present an official transcript showing work done.

Except in special cases, a student who has failed in another institution and cannot remain in that institution will not be admitted to Lee College.

Removal of entrance conditions must be accomplished by the end of the first year.

In general, Lee College follows the same policy in accepting work from a school that is not a member of a regional association as is followed by the state university of the state in which the school is located.

Admission of Veterans

Veterans who apply for admission must meet the same requirements as non-veterans unless they enter on the basis of a G.E.D. Test. Full details on entering the Junior College by means of the G.E.D. Test may be obtained from the registrar of Lee College. Students must complete the test and make an average score of forty-five before registering for college.

MAXIMUM AND MINIMUM WORK

The number of semester hours of work required for the completion of each year of the curriculum is established by the College. The normal load for a semester for all students is fifteen hours. Students with an established record for superior quality may take

a maximum of nineteen hours provided the application is properly approved at the time of registration. The minimum load for classification as a full-time student is twelve hours. A student who is not doing satisfactory work because of his inability to carry a full schedule may be requested by a faculty advisor to drop one or more courses.

REQUIREMENTS FOR GRADUATION

Associate of Arts Diploma

Students who have completed satisfactorily two full years of college work with a minimum of sixty-four hours credit and one quality point for each credit hour are awarded the diploma of Associate of Arts. In order to receive this diploma, the candidate must meet the requirements of one of the following programs and be in residence at least one semester.

Program I. Senior College Preparatory Program

- A. Liberal Arts Emphasis
- B. Commercial Emphasis
- C. Teacher-Training Emphasis

Program II. Terminal Two-Year Commerce Program

- A. Secretarial Science
- B. Accounting

I. SENIOR COLLEGE PREPARATORY PROGRAM

A. LIBERAL ARTS EMPHASIS

This curriculum is designed to give the student a well-balanced cultural training. The requirements are proportionally distributed in three general fields—the humanities, the social sciences, and the natural sciences. It provides the foundation of general knowledge for the student preparing for the liberal professions, such as law, journalism fine arts, and theology. Students enrolled in this course will be required to take at least fifty-three semester hours of basic

courses. The remaining hours may be elected from music, art, and Bible, or other courses.

II. TERMINAL TWO-YEAR COMMERCE PROGRAM**Purpose**

The two-year terminal program is designed to give the student who does not plan to continue his formal training beyond the first two years of college an opportunity to prepare himself for immediate employment in the commercial field. The terminal course is not advised for the student who plans to transfer to a four-year institution for a degree. (The student who plans a four-year program should take the suggested

Senior College Preparatory curriculum which also prepares one for immediate employment, but is of a less specialized nature.)

A. SECRETARIAL SCIENCE

Students who have had adequate preparation in the elementary principles of typewriting, shorthand, or bookkeeping in their high school work will be exempt from such elementary courses as would tend to duplicate any previous course work. Such students will take the intermediate courses for which their previous study has prepared them and will take the remaining hours required for graduation in a broad academic field.

Lee Bible College

Announcements For:
1960-1961

LEE COLLEGE
Cleveland, Tennessee

Bible College

PURPOSE

The primary purpose of the Bible College division of Lee College is to prepare young men and women for the ministry in the Church of God. It is dedicated to the doctrinal position of the Church of God, and to the evangelistic and missionary interests of the denomination.

The Bible College aims to hold a thoroughly academic program, and is a member of the Accrediting Association of the Bible Colleges. In line with this academic program certain liberal arts courses are required of the Bible College student.

In the fulfilling of these general purposes, the college seeks to develop in the student the following areas of mind, skill, heart, and graces:

1. A Biblical concept of God—His holiness, sovereignty and mercy.
2. A Biblical concept of man—his origin, his depravity, his redemption and his destiny.
3. A Biblical concept of Christ—His deity, His humanity, and His redemptive program.
4. An appreciation for the weight of the ministry of the gospel.
5. Skill in the use of all Biblical instruments of soul-winning—personal evangelism, preaching, counselling, teaching, etc.
6. Skill in the administration of public worship.
7. A survey knowledge of the entire Bible.
8. An analytic knowledge of such portions of the Word of God as the prophets and the epistles.
9. A sound philosophic outline for systematic theology.
10. A sound apologetic for the Biblical system.

ADMISSION REQUIREMENTS

Application

Students desiring to make application for the Bible College should complete the preliminary application blank at the end of this catalog and mail it to the registrar.

Admission by Certificate

A graduate of an accredited high school must have an official transcript sent directly from the office of the high school to the registrar before an application will be accepted. Students will be granted admission to the college upon the receipt of a record of fifteen units of work satisfactorily completed and evidence of high school graduation.

High school subjects which may be offered for entrance:

Class A

	Maximum Units		Maximum Units
English	4	Plane Geometry	1
Foreign Language		Solid Geometry	$\frac{1}{2}$
French	3	Sociology	1
German	3	Physiography	1
Latin	4	Physiology	1

Unit: Represents thirty-six weeks' study in a subject in high school, classes meeting five times a week.

For entrance, at least three of these units must be in English; one unit should be in mathematics, and enough in electives from Group A to make 10 units. The other five units may be chosen in any of the subjects in either Class A or Class B.

Admission by Examination

Non-veterans who are not high school graduates but have been issued an equivalency diploma by a State Department of Education, will be considered for admission. (Further information concerning this equivalency diploma can be obtained from the State Department of Education in the respective states.)

Admission of Veterans

Veterans who apply for admission must meet the same requirements as non-veterans unless they enter on the basis of a G.E.D. Test. Full details on entering the Bible College by means of the G.E.D. Test may be obtained from the registrar of Lee College. Students must complete the test and make an average score of forty-five before registering for college.

ADMISSION OF STUDENTS WITH ADVANCED STANDING

The Bible College will admit without examination students from accredited colleges or universities provided they have been granted honorable dismissal. Credits may be transferred from colleges and universities which are members of their regional association or accredited members of the Accrediting Association of Bible Colleges; however, the Bible College can give credit only for those courses that contribute toward the degree from the Bible College.

Schools that are not members of a recognized accrediting association may transfer work to Lee Bible College on the basis of their acceptance by the state university in their respective states.

Except in special cases, a student who has failed in another institution and cannot remain in that institution will not be admitted to the Bible College.

Removal of entrance conditions must be accomplished by the end of the first year.

MAXIMUM AND MINIMUM WORK

The number of semester hours of work required for completion of each year of the curriculum is established by the college. The normal load for a semester for all students is sixteen hours. Students with an established record of superior quality may take a maximum of nineteen hours, provided the application is properly approved at the time of registration. The minimum load to be classed as a full-time student is twelve hours. Students who are not doing satisfactory work because of their inability to carry a full schedule may be requested by a faculty advisor to drop one or more courses.

Requirements for graduation from the Bible College are a minimum of one hundred twenty-eight hours and one hundred twenty-eight quality points, or a minimum average grade of C. If the student has more than one hundred twenty-eight hours credit, he must have a quality point ratio of one.

DEGREES

Lee Bible College grants two degrees: Bachelor of Arts in Biblical Education and Bachelor of Arts in Christian Education. The curricula for these degrees are listed below.

HONORS

Students graduating with an average of 2.9 will be graduated with the distinction **Summa Cum Laude**. Students graduating with an average of 2.6 will be graduated with the distinction **Magna Cum Laude**. Students graduating with an average of 2.1 will be graduated with the distinction **Cum Laude**.

A student may be debarred from these distinctions by the faculty for a poor practical work record.

REQUIREMENTS FOR GRADUATION

One year of residence work is required for graduation. The student must have at least 128 hours credit and 128 quality points. This requires an average of C.

The administration of the school will make every reasonable effort to assure the student of graduation according to his schedule; however, it is the student's responsibility to follow the required course of study. The responsibility for failure to meet any graduation requirement will rest upon the student and not upon the administration or faculty advisors.

The student must have completed one summer of supervised ministerial activity or its equivalent in full time ministry.

A comprehensive examination on the Bible and related fields is required of all graduates. This examination must be completed at least six weeks before the date of graduation.

Completion of the academic requirements alone will not be accepted as satisfaction of the graduation requirements of the Bible College division. The student must be approved for graduation by consent of the faculty. This approval is based on the student's moral and spiritual caliber as evidenced by his conduct, attitudes, and religious service.

Lee School of Music

Announcements For:
1960-1961

LEE COLLEGE
Cleveland, Tennessee

School of Music

PURPOSE

The primary purpose of the Lee College School of Music is to prepare young men and women for the ministry of music. It is also the purpose to foster the appreciation of, and to provide an opportunity for, the study of music for itself; to inspire and encourage a sincere appreciation of the value of music as a significant factor in the development of the well-rounded individual, and to provide vocational training for those who wish to make music their life work.

The School of Music aims to hold a thoroughly academic program that will be accepted by the leading schools of music and by the Music Accrediting Associations. In line with this program certain liberal arts courses are required of the School of Music student. These courses are regularly taught in the Junior College Division. Since these credits are accepted by the University of Tennessee, they have also been accepted by most colleges and universities.

ADMISSION REQUIREMENTS

Application

Students desiring to make application for the School of Music should complete the preliminary application blank at the end of this catalog, and mail it to the president.

Admission by Certificate

A graduate of an accredited high school must have an official transcript sent directly from the office of the high school before an application will be accepted. Students will be granted admission to the college upon the receipt of fifteen units of work satisfactorily done and evidence of high school graduation.

High school subjects which may be offered for entrance:

Class A

	Maximum Units		Maximum Units
English	4	Plane Geometry	1
Foreign Language		Solid Geometry	$\frac{1}{2}$
French	3	Sociology	1
German	3	Physiology	1
Latin	4	Zoology	1
Greek	3	Biology	1
Spanish	3	Chemistry	1

Class B

	Maximum Units		Maximum Units
Agriculture	2	General Mathematics	1
Arithmetic (Business)	1	Home Economics	3
Business Subject	3	Shopwork	2
Drawing	2	Vocational Teachers Training	3

Unit: Represents thirty-six weeks' study in a subject in high school, classes meeting five times a weeks.

For entrance to the School of Music, at least three of these units must be in English; one unit should be in mathematics, and enough electives from Group A to make ten units. The other 5 units may be chosen in either Group A or Group B.

Admission by Examination

Non-veterans who are not high school graduates but have been issued an equivalency diploma by a state department of education, will be considered for admission to the freshman class of the School of Music. (Further information concerning this equivalency diploma can be obtained from the State Department of Education in the respective states.)

Auditions

Auditions in applied music will be given all new music students. These will be given during registration in order to determine the student's level of proficiency in his major field. Sight-reading will be a part of the audition. The student must show promise of developing skills and talents that will equip him to serve successfully as a minister of music. Entrance deficiencies must be made up without credit within the first year.

Admission of Students with Advanced Standing

The School of Music will admit without examination students from other accredited colleges or universities provided they have been granted honorable dismissal. They must present an official transcript showing work done. The School of Music can give credit only for those courses that contribute toward the degree from the School of Music.

Except in special cases, a student who has failed in another institution will not be admitted to the School of Music.

Removal of entrance conditions must be accomplished by the end of the first year.

In general, Lee College follows the same policy in accepting work from a school that is not a member of a regional association as followed by the state university of the state in which the school is located.

MAXIMUM AND MINIMUM WORK

The number of semester hours of work required for the completion of each year of the curriculum is established by the college. The normal load for a semester for all students is sixteen hours. Students with an established record of superior quality may take a maximum of nineteen hours provided the application is properly approved at the time of registration. The minimum load to be classed as a full-time student is twelve hours. Students who are not doing satisfactory work because of their inability to carry a full schedule may be requested by a faculty advisor to drop one or more courses.

REGULATIONS

Participation in Organizations

Members of organizations representing the institution on trips necessitating absence from classes must maintain an average of C in their studies. Failure to earn that average shall make the student ineligible for the following semester.

Students with incomplete work in any subject must complete all work before becoming eligible for activities which involve missing classes.

No student may belong to more than two organizations in the same year. The organizations with which students may affiliate shall be determined by their applied music study. All School of Music students are required to attend all recitals given at Lee.

REQUIREMENTS FOR GRADUATION

One year of residence work is required for graduation. The student must have at least 126 hours credit, and 126 quality points. This requires an average of C.

A recital of standard repertoire music of at least forty-five minutes in his applied major will be required of all graduates.

Lee Home Study Department

LEE COLLEGE
Cleveland, Tennessee

Home Study Department

Lee College is God's school for God's business and the Correspondence Department is a cog in that great wheel of progress. This school is dedicated to the task of helping prepare young people for the best possible life service.

Many of our church people—maybe you are one—find themselves in situations that make it impossible for them to attend school for three full terms. Yet, they long to study and better prepare themselves for Sunday School teachers, Y.P.E. leaders, and so forth. We have kept you continually in mind as we have planned this course of home study.

The courses offered will give you basic knowledge of the Bible and related subjects, laying a foundation for successful church work. We are offering one full year's work in the Religious Education Department by this easy "Home Study Method." The subjects offered will include:

The Life of Christ	3 hours
New Testament Narrative	6 hours
Old Testament Narrative	6 hours
Life of Paul	2 hours
Christian Ethics	3 hours
Mission Methods	3 hours
Personal Evangelism	3 hours
Lives of Missionaries	2 hours
Prophets	3 hours
Vacation Bible School	3 hours

(Other subjects will be added later as demands increase.)

In these courses we will be using the same textbooks that are used in the classrooms in the school, and the same hours credit will be given. The student will be guided closely in his study by chapter tests which will be graded and returned, along with suggestions and comments. A final examination on each book will be given in order to establish proper credit.

The price for each course will be \$5.00 per semester hour of credit, or \$15.00 for a three-hour course or \$30.00 for a six-hour course. This does not include the price of the textbooks and other supplies that may be necessary.

You will never find a better, easier, or cheaper way to do the studying that you have been wanting to do! So enroll now. God's business requires haste with thoroughness, for the night is soon coming when no man can work. Act today and be prepared for the open door that may face you tomorrow.

When these courses are completed you will have thirty-two to thirty-four hours of work done and credits established. Two years of resident work, then, will give you a diploma from the three-year Religious Education Department of Lee College! You can't afford to miss it. Send today for your application blank.

The courses available during the summer and fall of 1958 are: (There will be others added later.)

AVIS SWIGER STUDENT LOAN FUND

The AVIS SWIGER STUDENT LOAN FUND was initiated at the 1958 Annual Assembly of the Lee College Alumni Association. The appropriation was named in honor of Mrs. Avis Swiger, instructor in the School of Religion, who completed twenty-five years of teaching at B.T.S. and Lee College at the end of the 1958-'59 school year.

The fund was established for the purpose of giving financial assistance to worthy but needy students who are in attendance at Lee College.

All donations of one hundred or more dollars will be listed in the school catalog as a permanent record. Additional donations by those already listed will be added annually to the amounts previously published. Below listed are the amounts given and the names of the individuals and organizations who have made donations of one hundred dollars or more as of April 1960:

Donald S. Aultman	\$125.00
L. H. Aultman	200.00

Total amount of all donations from all sources as of April, 1960: \$2,077.02.

FORM OF BEQUEST FOR LEE COLLEGE

Lee College is dependent on the support of its constituency for its support. The financial demands of an educational program are far more than can be realized through the tuition and fees charged by the school.

For this reason, Lee College earnestly solicits the interest of its friends in making contributions to its endowments, and other enterprises. All contributions whether large or small serve the purposes of the kingdom of God in serving the needs of the church's educational program.

Such gifts may be given in the lifetime of the donor or they may be included in the wills of individuals who would like to know that their material goods will be held in trust in order to serve the best interests of the kingdom of God after their passing. These bequests may be designated or undesignated. Following is a suggested form of bequest:

To James A. Cross, General Overseer of the Church of God, in trust for the use and benefit of Lee College, at Cleveland, Tennessee, I hereby give and bequeath the sum of _____ (or the following real or personal property).
